5. 1Tbps DDoS Attack Hits Betting Firm

Summary: Cybersecurity news – Largest attack of 2025 disrupts operations.

News Details:

- **Title:** Record-Breaking DDoS Attack
- **Date:** April 27, 2025
- **Source:** TechRadar
- **Highlights:** Highlights vulnerabilities in online infrastructure.

Links: <https://www.techradar.com/news/archive>

6. Android Find My Device 4x Speed Upgrade

Summary: Tech update – Google announces faster device tracking.

News Details:

- **Title:** Find My Device Upgrade
- **Date:** April 27, 2025
- **Source:** TechRadar
- **Highlights:** Ultra-wideband support for precise location tracking.

Links: <https://www.techradar.com/news/archive>

7. AMD Radeon Pro W9000 GPU Launch

Summary: Tech news – New workstation GPU targets AI/ML workloads.

News Details:

- **Title:** AMD vs Nvidia GPU Race
- **Date:** April 26, 2025
- **Source:** TechRadar
- **Highlights:** Competes with Nvidia's RTX Pro 6000 series.

Links: <https://www.techradar.com/news/archive>

8. China's Ultra-Fast Flash Memory Tech

Summary: Tech breakthrough – Millions of times faster than NAND.

News Details:

- **Title:** China's Memory Innovation
- **Date:** April 26, 2025
- **Source:** TechRadar

- **Highlights:** Potential to revolutionize consumer electronics.

Links: <https://www.techradar.com/news/archive>

9. Microsoft-Western Digital Rare Earth Recycling

Summary: Sustainability news – Repurposing HDDs for rare earth extraction.

News Details:

- **Title:** E-Waste Reduction Initiative
- **Date:** April 23, 2025
- **Source:** TechRadar
- **Highlights:** Aims to curb mining dependence.

Links: <https://www.techradar.com/news/archive>

10. Perplexity's iPhone Voice Assistant Launch

Summary: Tech update – AI-powered Siri alternative debuts.

News Details:

- **Title:** Perplexity Voice Assistant
- **Date:** April 24, 2025
- **Source:** TechRadar
- **Highlights:** Context-aware responses for task automation.

Links: <https://www.techradar.com/news/archive>

11. AI Governance Weekly Digest

Summary: Tech news – Global regulatory updates on AI ethics.

News Details:

- **Title:** AI Policy Developments

- **Date:** April 28, 2025
 - **Source:** PAM.int
 - **Highlights:** Covers EU AI Act amendments and US-China tensions.

13. Samsung Galaxy S25 Edge Specs Leak

Summary: Tech update – \$1,100 starting price for 256GB model.

News Details:

- **Title:** Galaxy S25 Edge Pricing
 - **Date:** April 28, 2025
 - **Source:** Business Standard
 - **Highlights:** Features Snapdragon 8 Gen 4 and enhanced cooling.
Links: <https://www.business-standard.com/technology/tech-news>
-

14. Google's Find My Device Ultra-Wideband Rollout

Summary: Tech news – Precision tracking for Android devices.

News Details:

- **Title:** UWB Support for Android
 - **Date:** April 28, 2025
 - **Source:** Business Standard
 - **Highlights:** Matches Apple's AirTag accuracy.
- Links:** <https://www.business-standard.com/technology/tech-news>
-

15. Apple's iOS 19 Siri Overhaul

Summary: Tech update – Ground-up rebuild for smarter voice assistance.

News Details:

- **Title:** Siri's AI Upgrade
 - **Date:** April 28, 2025
 - **Source:** Business Standard
 - **Highlights:** Integrates generative AI for contextual responses.
- Links:** <https://www.business-standard.com/technology/tech-news>
-

Key Trends:

- **AI Regulation:** Global focus on ethical frameworks (item 11).
- **Hardware Wars:** AMD vs Nvidia (item 7) and China's memory dominance (item 8).
- **Cybersecurity:** Record DDoS attacks (item 5) highlight infrastructure risks.
